**Context Clues**

It didn't seem like a big deal until my brother's cold started to get worse. He was coughing all day long and didn't have his usual amount of energy. My dad was so concerned that he stayed home from work to take him to the doctor's office. I hope my brother gets better quickly.

The word concerned means:

- A. worried
- B. was about
- C. responsibility

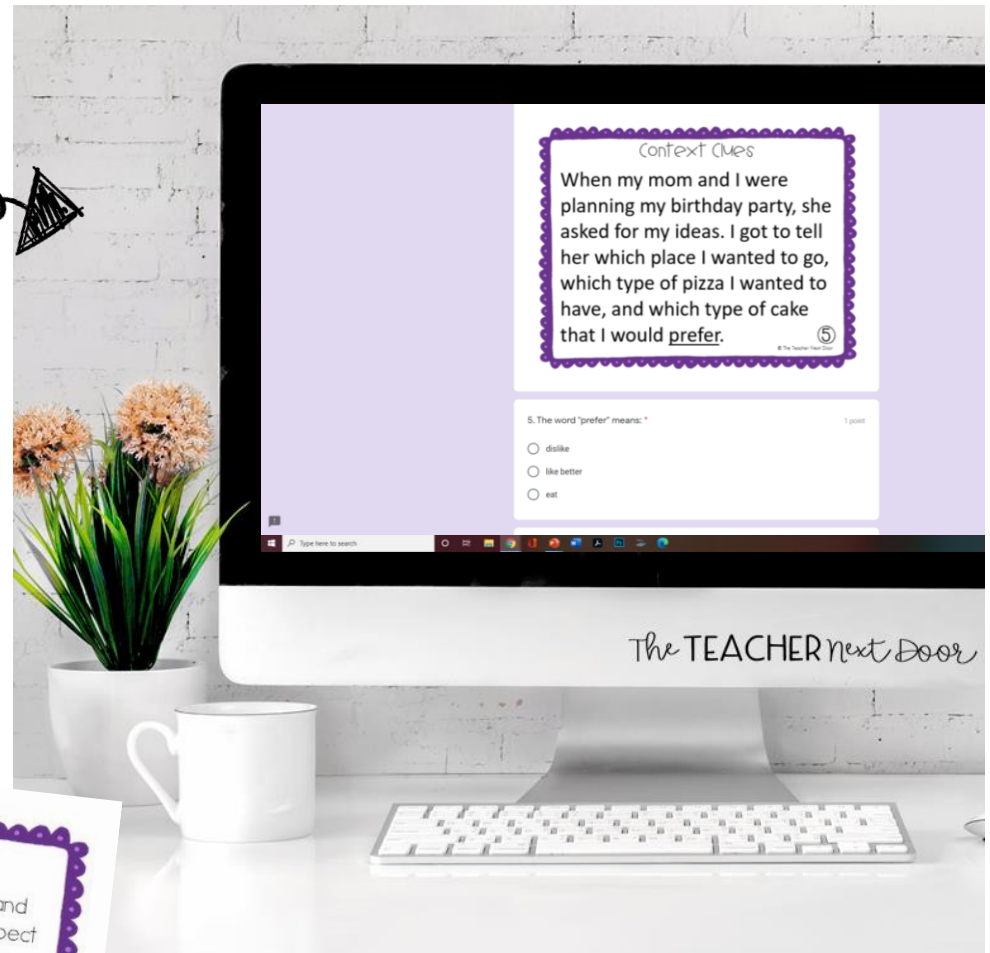

**Context Clues**

Sometimes my teacher has meetings to go to and we have a substitute. On those days, I just expect that things won't be exactly like they usually are. When we have a substitute, the best way to handle the day is to be flexible. Otherwise, all of the things we're used to that are different, would really bother us.

The word flexible means:

- A. bend without breaking
- B. stiff
- C. able to adapt to changes
