When I do my homework, I make sure to find a quiet place in my house to work. If it's not quiet, it's hard for me to keep my mind on what I'm doing. Usually I use the desk in my room because there's no TV noise and there aren't a lot of people running in and out of my room to distract me.

It didn't seem like a big deal until my brother's cold started to get worse. He was coughing all day long and didn't have his usual amount of energy. My dad was so concerned that he stayed home from work to take him to the doctor's office. I hope my brother gets better quickly.

The word concerned means:

The word flexible means:

- B. stiff
- C. able to adapt to changes

My grandma had a diamond ring that she used to wear all of the time. When she passed away, she left the ring to me. The ring is precious to me because it belonged to her and because it reminds me of how much she loved me.

When my class was studying heroes, we heard some incredible stories of their bravery. Some people rescued others of great risk to their lives. Some helped people in their homes, even though they would be killed if they were found out and others gave everything they had to help those in need. Stories of these valiant people inspired me.
